Dear Applicant or Attorney of Record:

In response to your request for a corrected Filing Receipt, we are unable to comply with your request because:

- ☐ The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- ☒ The words "new," "improved," "improvement," "improvements in or relating to" are not included as first words in the title of an application because a patent application is, by its nature, a new idea or improvement. See MPEP 606.01.
- ☐ The title may be truncated if it consists of more than 280 characters (letters and spaces combined).
- ☐ Only one character per space is allowed. Therefore, punctuation which is usually placed above or below a letter, such as an umlaut (..), cannot be included on the Filing Receipt.
- ☐ Greek symbols of the alphabet will be spelled out.
- ☐ Superscript and subscript are not possible. They will appear on the same line.
- ☐ Lower case characters are not possible.
- ☐ The title is correct as taken from the first page of the specification per 37 CFR 1.72.
- ☐ The title of the invention appears in capital letters.

Any corrections that may need to be done to your Filing Receipt should be directed to:
